

PowerSorter 2009 - Full automatic Music Sorter, Music Organizer, Music Renamer

PowerSorter - is a full automatic mp3 music organizer, that will sort, organize and rename all your Music files, fast and easy. Support variety of music formats: MP3, OGG, WMA, AC3, WAV and HUNDREDS other media formats. It will sort, organize, rename all your music, even if it is packed in ZIP and RAR archives. No more files with names like "mp3s.rar" or "audio27.mp3" - Ideal MP3 Music Sorter will rename all such files according to their content and move to appropriate folder. And even more - all options may be changed by your choice. Ideal MP3 Music Sorter will organize your music of any type - PowerSorter is organizing music and other files with any content -

- MP3 Music of all types (idv2,idv3,idv4, etc.)
- MP3 Music in ZIP/RAR archives (zip, rar, etc.)
- Music of other types (mp,ogg,mpa,wma, etc.)
- Video records (mp4,divx,avi,wmv,etc.)
- Images (jpg,png,tif,wmf,bmp, etc.)
- Text documents (doc,rtf,pdf,htm, etc.)
- Programs installation packs (exe,msi,bin,com,etc.)
- Archives and all files in archives (zip, rar, etc.)
- Files of any other types (over powerful artificial intelligence-based mechanism)

PowerSorter supports hundreds of media formats, even if they are packed in archives. While files processing, you will see all, that is happening, even content of archives, that are processed now. And even more - you can on the fly do with files, that were appended to databases all, that you want - copy, cut, delete or move to another location.
